

SCRIPTURE MEMORIZATION FUNDRAISER

The Goal: To store Scripture in our minds and hearts (Ps. 119:11) and to earn money for Winter Retreat and Momentum while doing so.

How it Works:

- You find adults who will sponsor you, per verse, as you memorize Scripture.
 - \$.10 a verse is a good goal to aim for per adult you speak with
- You fill out your Scripture Memorization Sheet with their name and their “per verse pledge.”
- Bring your filled out pledge sheet to the church to make a copy of it that will be kept on file, just in case you would lose yours.
- You begin memorizing Scripture using the provided Scripture memorization guide from CE National.
 - For the sake of consistency you will need to memorize the 120 verses in the CE booklet. Verses that you memorize that are not in the CE booklet we’ll give you a high five for, but not any cash.
- You may pick whichever translation you would like, however, you must use the same translation for all 120 verses.
- As you memorize verses you then re-find the adults who have sponsored you and you recite the memorized verses to them. Upon hearing you recite your memorized verses they need to initial next to their name the verses you recited to them.
 - You will need to either gather all your sponsors together to recite the verses to them or say each verse multiple times (once per every sponsor)
 - Give your sponsor a copy of the translation you are using when you recite your verse(s) to them.
- On Feb. 7 and May 23 you will call or connect with your sponsoring adult(s) and ask them to have a check, made out to Community Grace (with your name in the memo line), available on Feb. 14 and May 30. They may bring their checks into the church office or put them in the offering baskets.
 - The check on Feb. 14 totals all of the money pledged for the verses you have memorized and recited to them from the start (September) to Feb. 7.
 - The check on May 30 totals all of the money pledged for the verses you have memorized and recited to them from Feb. 14 to May 23.

Potential Earnings:

Pledge	People	Verses	Profit
\$.10 X	10 people X	120 verses =	\$120
\$.10 X	20 people X	120 verses =	\$240
\$.30 X	10 people X	120 verses =	\$360
\$.20 X	20 people X	120 verses =	\$480
