Ver 1 - Get over yourself

Judgement

What do we do with people who are doing things that are clearly wrong or at least break our standards?

ver 2-3

What did Jesus do for all of us who have messed up?

Usually the church look down on some one who has done wrong to judge and exclude them

Rather than judge people, we need to humble ourselves and help people

Take our eyes off ourself and others and put them on Jesus

What prejudice do you struggle?

In what areas have you judged others?

What practical things can you do tomorrow to better welcome people?
